# NATE FISCHER

## New Founding

Founder and CEO

#### Education

- JD. Harvard Law School. 2010
- BA, Economics and Political Science, Calvin University, 2007

## **BIO**

Nate Fischer is the founder and CEO of New Founding, a venture firm focused on the American right. He also co-founded American Reformer, which works to revitalize contemporary Protestant thought and institutions.

Nate previously co-founded a real estate investment firm that grew to more than \$1 billion in assets, and has a variety of other entrepreneurial and investment experience. He is a Claremont Lincoln Fellow and graduate of Calvin College and Harvard Law School. He lives in Dallas, TX, with his wife and four children.

#### **NEW FOUNDING**

New Founding is a venture firm and talent network, building and supporting parallel economic institutions that enable cultural change. New Founding builds on high-trust, aligned communities to connect people and opportunities, creating economic networks that will be resilient to the broader collapse of trust in American institutions. <a href="https://www.newfounding.com">https://www.newfounding.com</a>

## **INTERVIEW TOPICS**

### **BUSINESS**

- The importance of aligned networks and communities with economic sovereignty in an age of collapsing trust
- Political discrimination, the woke economy, and antifragile investment
- · How we can beat woke corperations
- Applying AI today: how to leverage AI and prevent it from taking your job.
- The future of business in a digital age

#### **TECHNOLOGY**

- A positive vision for technology: how we can use technology to empower humans in a digital age and amplify Christian communities.
- Tech and neutrality: digital technology is ending neutrality.
   There must be a value system and if we don't catechize the bots, the left will.
- How do we beat Google? Embrace and leverage disruptive tech
- How do we beat Harvard and the university system?
- Cryptocurrency, Christianity, and building a Christian society

#### **POLITICS**

- How the Christian right can win as a movement.
  - Embracing disruptive tech and a positive vision for society
  - The need to connect talent through networks built on trust, aggregate power through those networks, and then use that power aggressively in the political sphere
- Why conservatism is failing
